SAN FRANCISCO BRANCH, 208 ELLIS STREET

THIS, the latest edition of our catalogue, will be found to be the most complete we have yet published. Since our last catalogue was issued there has been a constantly increasing demand for low down fixtures. We have placed on the market in that time a great many fixtures of this class, and they have given good satisfaction. The Douglas Flush Valve is admirably adapted for use in low down tanks.

We desire to call particular attention to our line of vented closets of different styles.

We have added a number of extra heavy ware closets in the present catalogue. These goods were originally placed on the market by us, and this ware furnished by us cannot be excelled.

We now show a complete line of Seat Action Combinations for use in schools and other public buildings. The demand for these goods is steadily growing.

All water closet bowls furnished by us are made in the best grade of vitreous ware, thoroughly guaranteed against crazing and dunting. Our woodwork is still maintained at the same standard of excellence as heretofore.

We invite the attention of architects, engineers and superintendents of buildings to this catalogue, as we are convinced they cannot fail to find fixtures illustrated herein to suit all their requirements.

As we are again increasing our manufacturing capacity we can safely promise prompt shipments from factory or branch stores.

Thanking all our friends for their liberal patronage, and soliciting future favors, we are,

Yours respectfully,

THE JOHN DOUGLAS CO.

"Harvard" Low Down Combination.

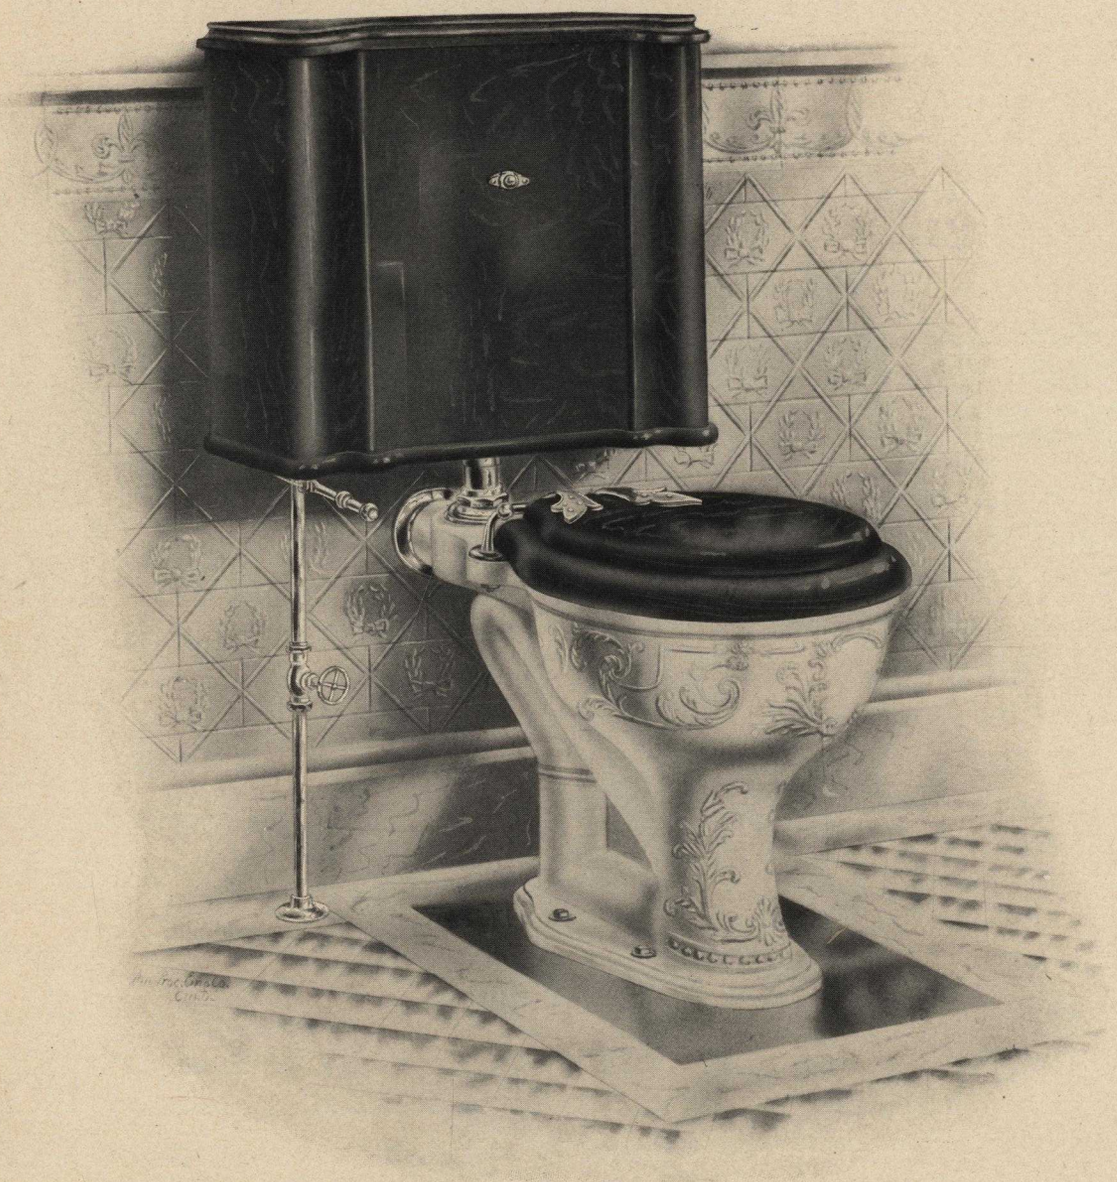

PLATE 101.

Plate 101 includes recess low down tank, *veneered*, with flush connection and supply pipe with flange, No. 335 *Saddle-hole* seat and lid with heavy cast brass hinges, "Douglas" vitreous china embossed *ventilated* "Harvard" syphon jet bowl with nickel-plated brass vent connection and wall flange.

Woodwork finest selected Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$55.00**

Stop-cock will not be furnished unless called for.

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.50
Add for Golden Oak finish 1.50
Add for Walnut woodwork 1.50
Add for Mahogany or Birds-Eye Maple woodwork $7.50
Add for White Maple woodwork 3.00

NOTE.—Measurement from floor to center of ventilating flue 13½ inches.

Roughing in Measurements.—Outlet of bowl 13¾ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

The vent connection on these ventilated syphon jet closets contains a large single air passage, insuring thorough ventilation. For sectional view of "Harvard" bowl, see plate 168.

"Harvard" Low Down Combination.

PLATE 102.

Plate 102 includes round cornered low down tank with flush connection and supply pipe with flange, No. 335 *Saddle-hole* seat and lid with heavy cast brass hinges, "Douglas" vitreous china plain *ventilated* "Harvard" syphon jet bowl with nickel-plated vent connection and wall flange.

Woodwork finest selected Quartered Oak, Natural or Antique finish and Cherry, light or dark.

PRICE AS DESCRIBED **$48.00**

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish 1.50
Add for Walnut woodwork 1.50
Add for Mahogany or Birds-Eye Maple woodwork $7.50
Add for White Maple woodwork 3.00

NOTE.—Measurement from floor to center of ventilating flue 13½ inches.

Roughing in Measurements.—Outlet of bowl 13¾ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Yale" Low Down Combination.

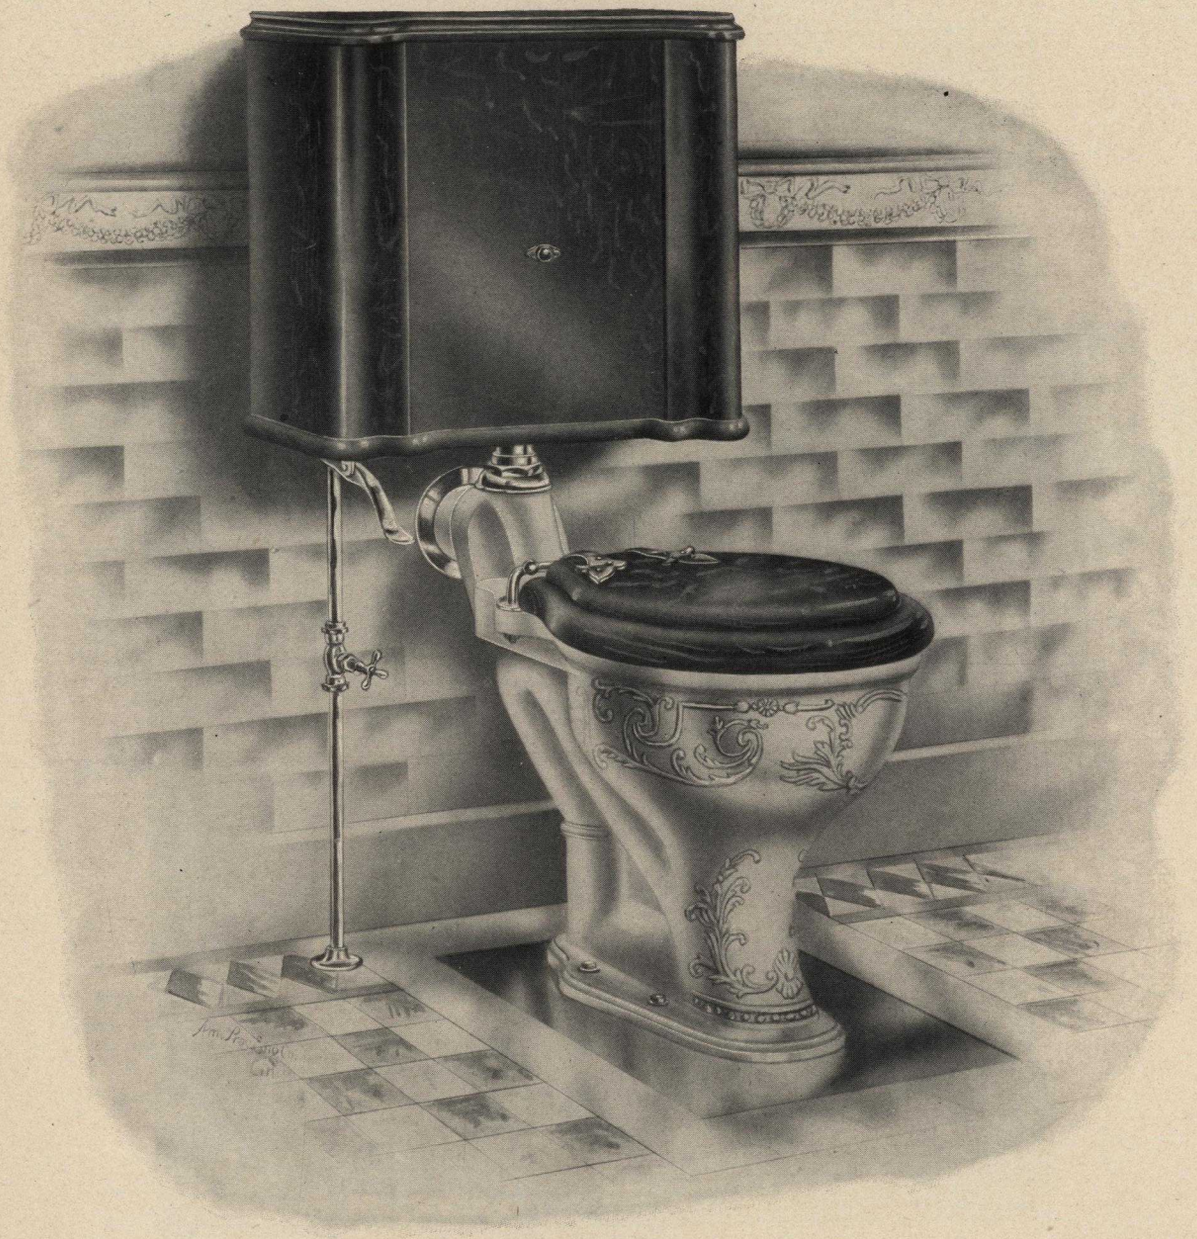

PLATE 104.

Plate 104 includes recess low down tank, *veneered*, with flush connection and supply pipe with flange, No. 335 *Saddle-hole* seat and lid with heavy cast brass hinges, "Douglas" vitreous china embossed *ventilated* "Yale" syphon jet bowl with nickel-plated brass vent connection and wall flange.

Woodwork selected Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$61.50**

Stop-cock will not be furnished unless called for.

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish..... 1.50
Add for Walnut woodwork $1.50
Add for Mahogany or Birds-Eye Maple woodwork 7.50
Add for White Maple woodwork 3.00

NOTE.—Measurement from floor to center of ventilating flue 17½ inches.

Roughing in Measurements.—Outlet of bowl 14¼ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

We call particular attention to the raised vent on this closet, which is a desirable feature. The vent passage is the same size as on our "Harvard" bowl. For sectional view of "Yale" bowl, see plate 170.

"Yale" Low Down Combination.

PLATE 105.

Plate 105 includes round cornered low down tank with flush connection and supply pipe with flange, No. 335 *Saddle-hole* seat and lid with heavy cast brass hinges, "Douglas" vitreous china *ventilated* plain "Yale" syphon jet bowl with nickel-plated brass vent connection and wall flange.

Woodwork selected Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$55.00**

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish 1.50
Add for Walnut woodwork 1.50
Add for Mahogany or Birds-Eye Maple woodwork $7.50
Add for White Maple woodwork 3.00

NOTE.—Measurement from floor to center of ventilating flue 17½ inches.

Roughing in Measurements.—Outlet of bowl 14¼ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Princeton" Low Down Combination.

PLATE 107.

Plate 107 includes round cornered low down tank with flush connection and supply pipe with flange, No. 333 seat and lid, "Douglas" vitreous china *ventilated* "Princeton" syphon jet wash-down bowl with nickel-plated brass vent connection and wall flange.

Woodwork selected Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$33.00**

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish $1.50
Add for Walnut woodwork 1.50

NOTE.—Measurement from floor to center of ventilating flue 14½ inches.

Roughing in Measurements.—Outlet of bowl 12½ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

We recommend this fixture for use in place of our "Harvard" closet where a bowl is wanted constructed on the same principle at a lower price. The closet bowl is extra strong. For sectional view of "Princeton" bowl, see plate 172.

"Cornell" Low Down Combination.

PLATE 108.

Plate 108 includes round cornered low down tank with flush connection and supply pipe with flange, No. 332 seat and lid, "Douglas" vitreous china *ventilated* "Cornell" syphon jet wash-down bowl with vent connection and wall flange.

Woodwork selected Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$35.00**

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish $1.50
Add for Walnut woodwork 1.50

NOTE.—Measurement from floor to center of ventilating flue 18¼ inches.

Roughing in Measurements.—Outlet of bowl 14 inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

The vent connection on this closet is constructed on the same principle as on our "Yale" bowl and is the same size. The combination will be satisfactory where a lower priced closet than the "Yale" is desired. For sectional view of "Cornell" bowl see plate 174.

"Royal" Low Down Combination.

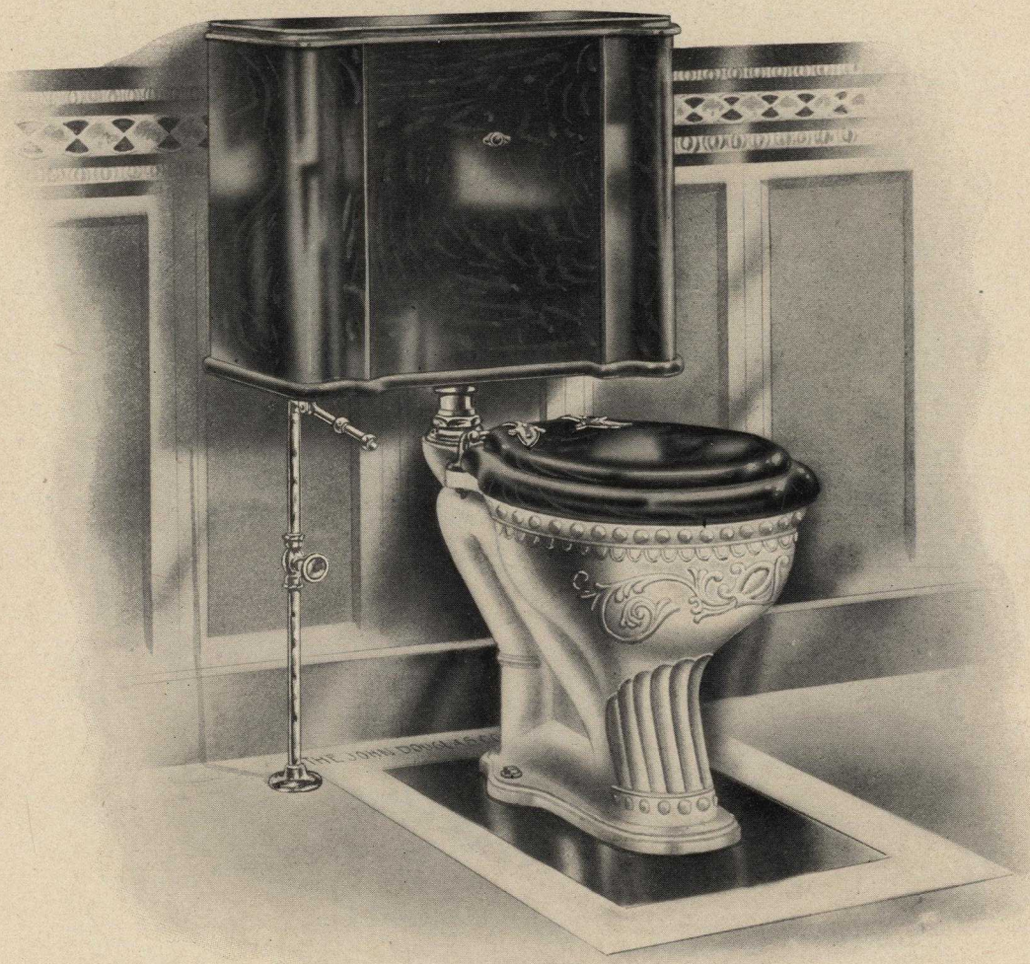

PLATE 110.

Plate 110 includes recess low down tank, *veneered,* with flush connection and supply pipe with flange, No 335 *Saddle-hole* seat and lid with heavy cast brass hinges, "Douglas" vitreous china embossed "Royal" syphon jet bowl.

Woodwork selected Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$41.50**

Add for floor flange, bolts and rubber gasket...$1.00
Add for nickel-plated stop-cock..... 1.00
Add for Golden Oak finish..... 1.50
Add for Walnut woodwork..... 1.50
Add for Mahogany or Birds-Eye Maple woodwork $7.50
Add for White Maple woodwork 3.00

Roughing in Measurements.— Outlet of bowl 13½ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Royal" Low Down Combination.

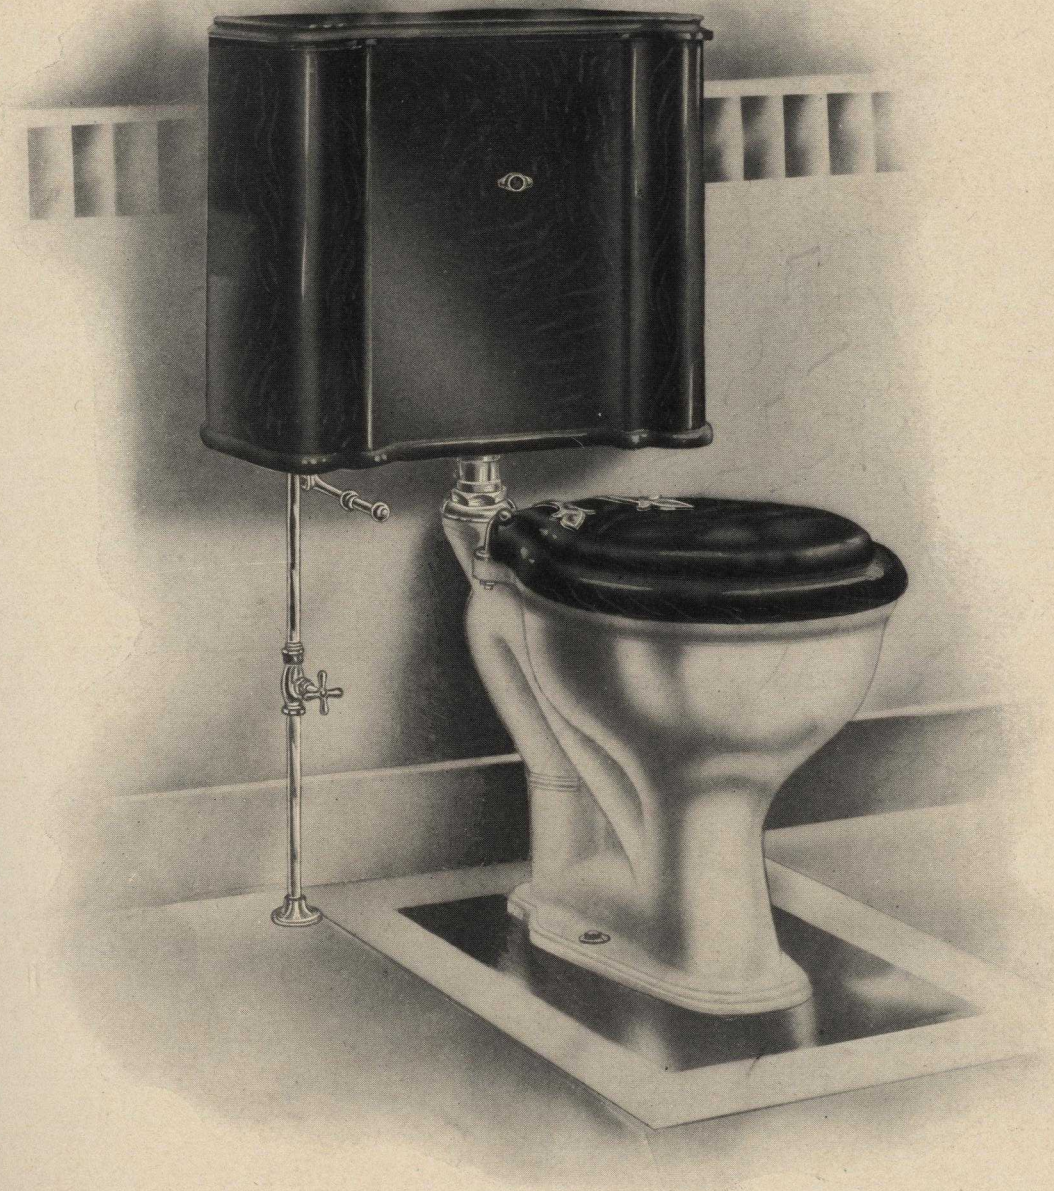

PLATE 111.

Plate 111 includes recess low down tank, *veneered,* with flush connection and supply pipe with flange, No. 335 *Saddle-hole* seat and lid with heavy cast brass hinges, "Douglas" vitreous china plain "Royal" syphon jet bowl.

Woodwork selected Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$40.75**

Stop-cock will not be furnished unless called for.

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish 1.50
Add for Walnut woodwork 1.50
Add for Mahogany or Birds-Eye Maple woodwork $7.50
Add for White Maple woodwork..... 3.00

Roughing in Measurements.—Outlet of bowl 13½ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Gloria" Low Down Combination.

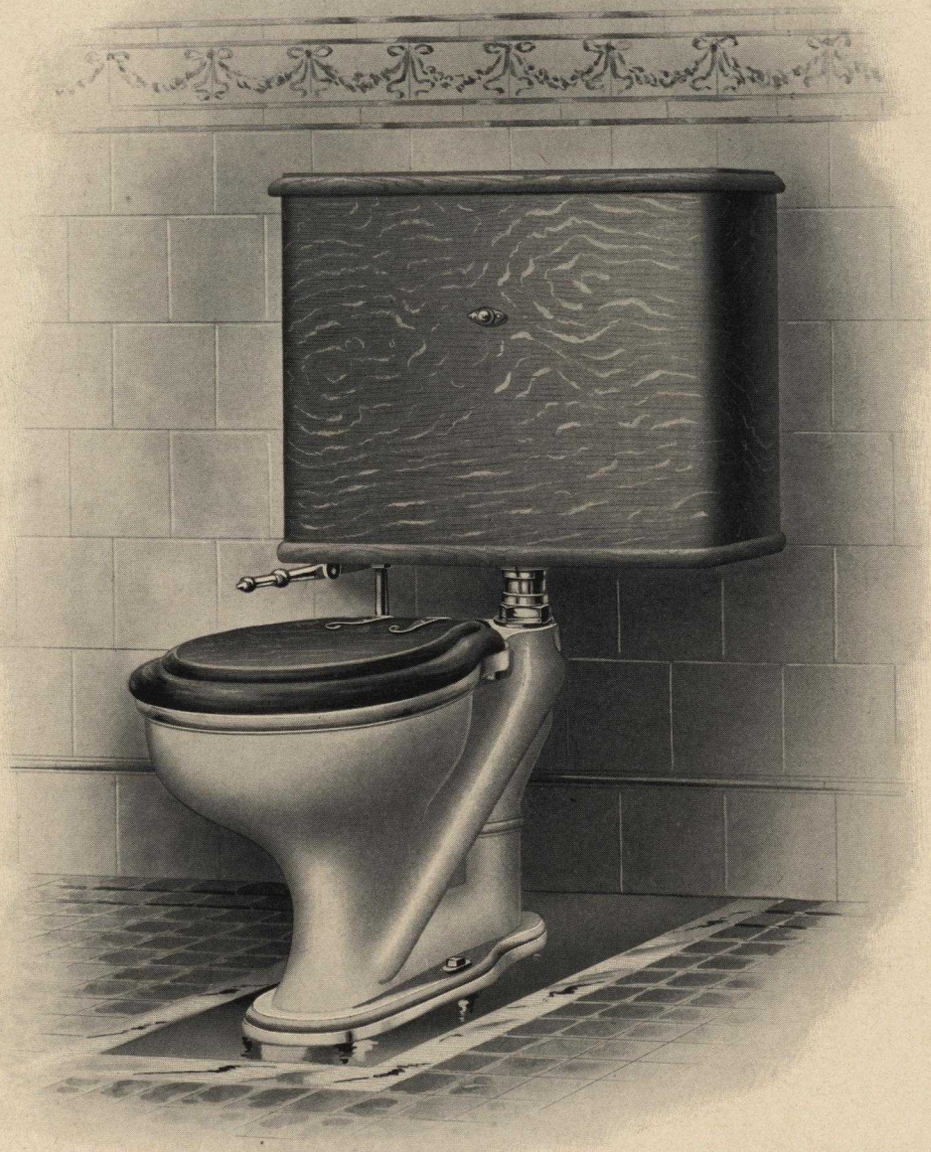

PLATE 112.

Plate 112 includes round cornered low down tank with flush connection and supply pipe with flange, No. 332 seat and lid, "Douglas" vitreous china plain "Gloria" syphon jet bowl.

Woodwork Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$32.25**

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish $1.50
Add for Walnut woodwork 1.50

Roughing in Measurements.—Outlet of bowl 13½ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

This bowl can be furnished to rough in at 8½ inches, 11 inches and 12 inches without extra charge, but these bowls are not carried in stock. For special roughing in measurement where offset flush connection is used, add $1.50.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Gloria" Low Down Combination.

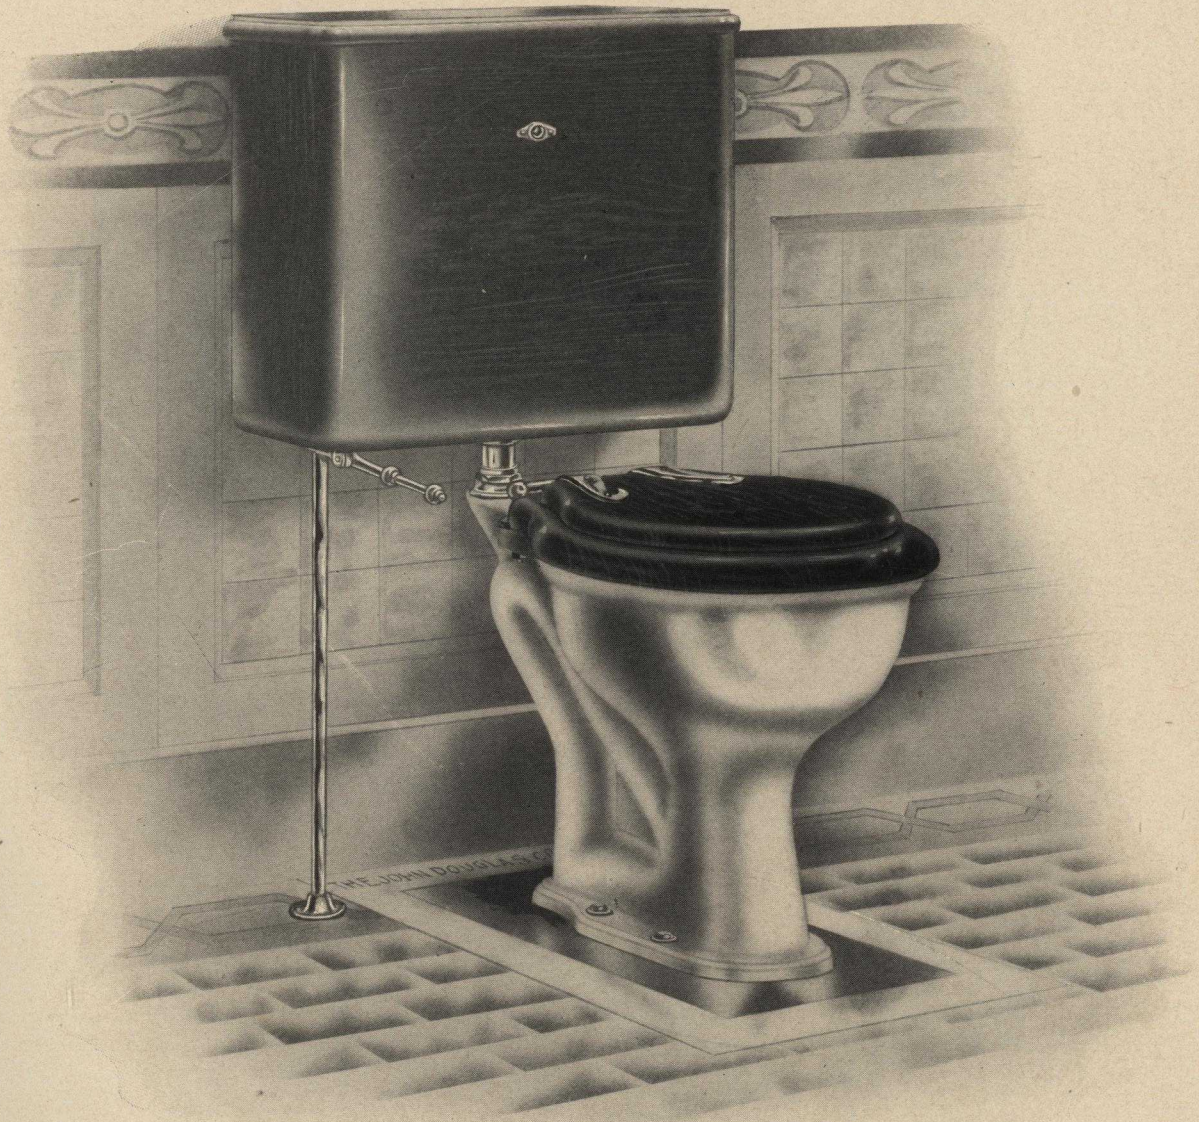

PLATE 113.

Plate 113 includes round cornered low down tank with flush connection and supply pipe with flange, No. 332 seat and lid, "Douglas" vitreous china plain "Gloria" syphon jet bowl.

Woodwork plain Oak, Natural or Antique finish.

PRICE AS DESCRIBED **$30.00**

Add for floor flange, bolts and rubber gasket $1.00
Add for nickel-plated stop-cock 1.00

Roughing in Measurements.—Outlet of bowl 13½ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Star" Low Down Combination.

PLATE 115.

Plate 115 includes low down tank (wood pull) with flush connection and supply pipe with flange, No. 331 seat and lid, "Douglas" vitreous china "Star" syphon jet bowl.

Woodwork plain Oak, Natural or Antique finish.

PRICE AS DESCRIBED **$27.25**

Add for plain lever handle in place of wood pull	$0.75
Add for floor flange, bolts and rubber gasket	1.00
If with No. 329 seat and lid, deduct	.50

Roughing in Measurements.— Outlet of bowl 13½ inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Eagle" Low Down Combination.

PLATE 116.

Plate 116 includes round cornered low down tank with elbow and supply pipe with flange, No. 332 seat and lid, "Douglas" vitreous china "Eagle" syphon jet wash-down bowl, *made extra strong.*

Woodwork Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$27.25**

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish 1.50
Add for Walnut woodwork $1.50
If made in plain Oak, deduct 1.50

Roughing in Measurements.--Outlet of bowl 14 inches from finished wall to center. Supply pipe 4 inches from back of tank to center, and 6⅝ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

This bowl is much heavier and stronger than a regular syphon jet wash-down bowl.

"Record" Low Down Combination.

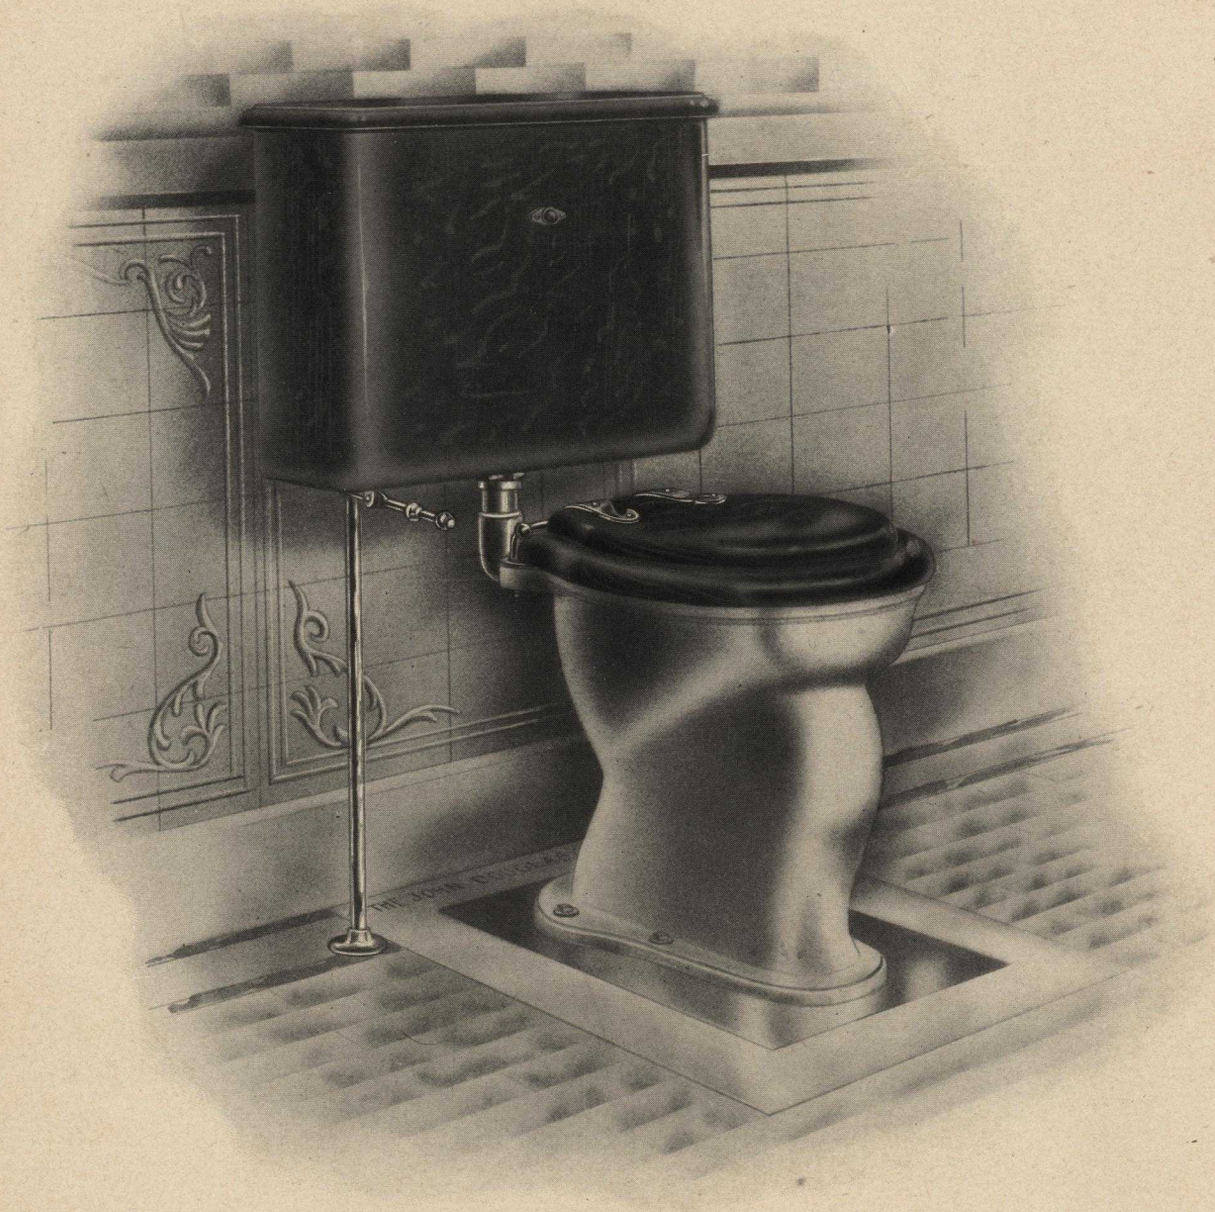

PLATE 118.

Plate 118 includes round cornered low down tank with elbow and supply pipe with flange, No. 332 seat and lid, "Douglas" vitreous china plain "Record" syphon jet wash-down bowl.

Woodwork Quartered Oak, Natural or Antique finish and Cherry, light or dark finish.

PRICE AS DESCRIBED **$25.00**

Add for floor flange, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Golden Oak finish 1.50
Add for Walnut woodwork $1.50
Add for embossed bowl 1.00

Roughing in Measurements.—Outlet of bowl 14 inches from finished wall to center. Supply pipe 4 inches from back of tank to center, and 6⅝ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Record" Low Down Combination.

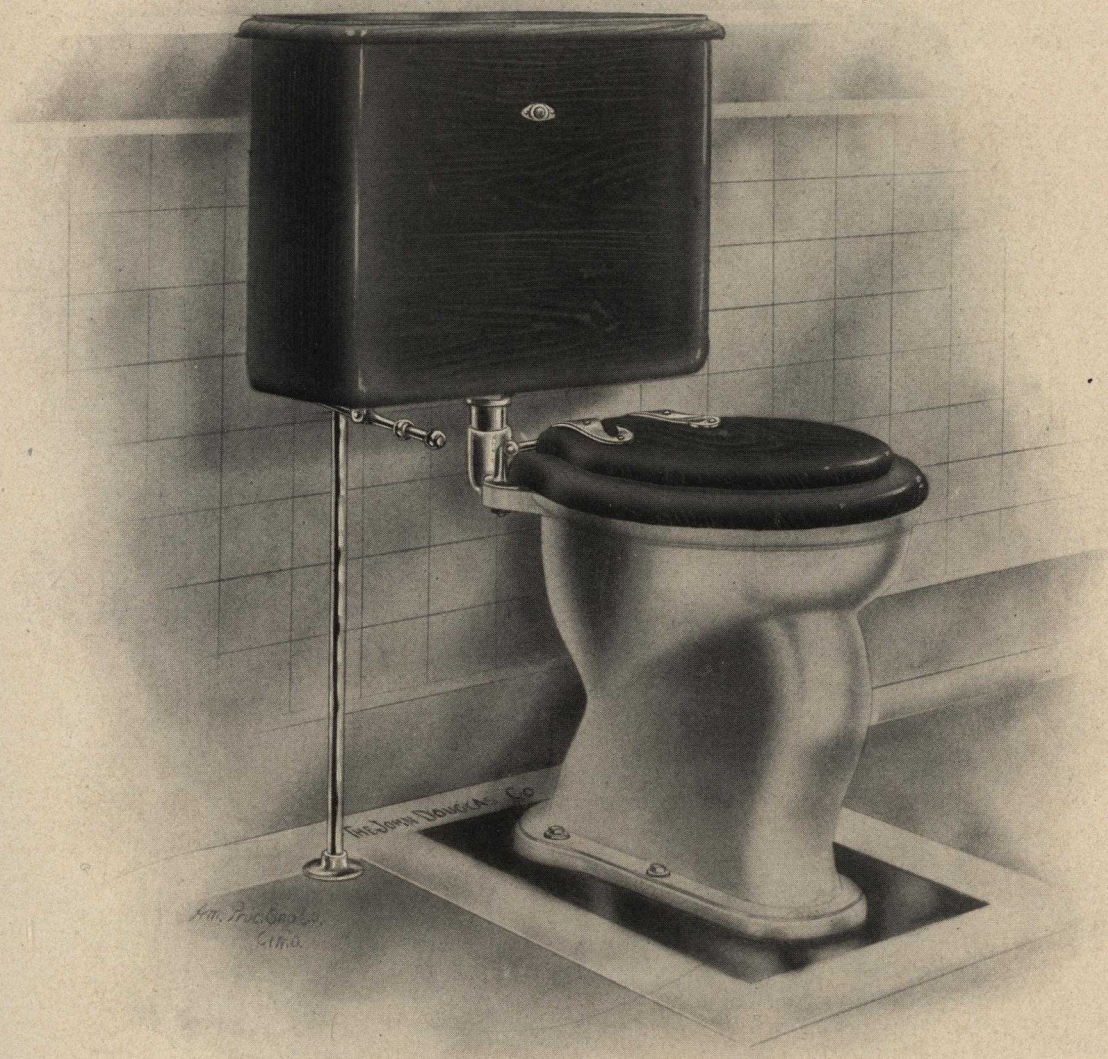

PLATE 119.

Plate 119 includes round cornered low down tank with elbow and supply pipe with flange, No. 332 seat and lid, "Douglas" vitreous china plain "Record" syphon jet wash-down bowl.

Woodwork plain Oak, Natural or Antique finish.

PRICE AS DESCRIBED	**$23.50**
Add for floor flange, bolts and rubber gasket	$1.00
Add for nickel-plated stop-cock	1.00
Add for embossed bowl	1.00

Roughing in Measurements.—Outlet of bowl 14 inches from finished wall to center. Supply pipe 4 inches from back of tank to center, and 6⅝ inches to left of center of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Leader" Low Down Combination.

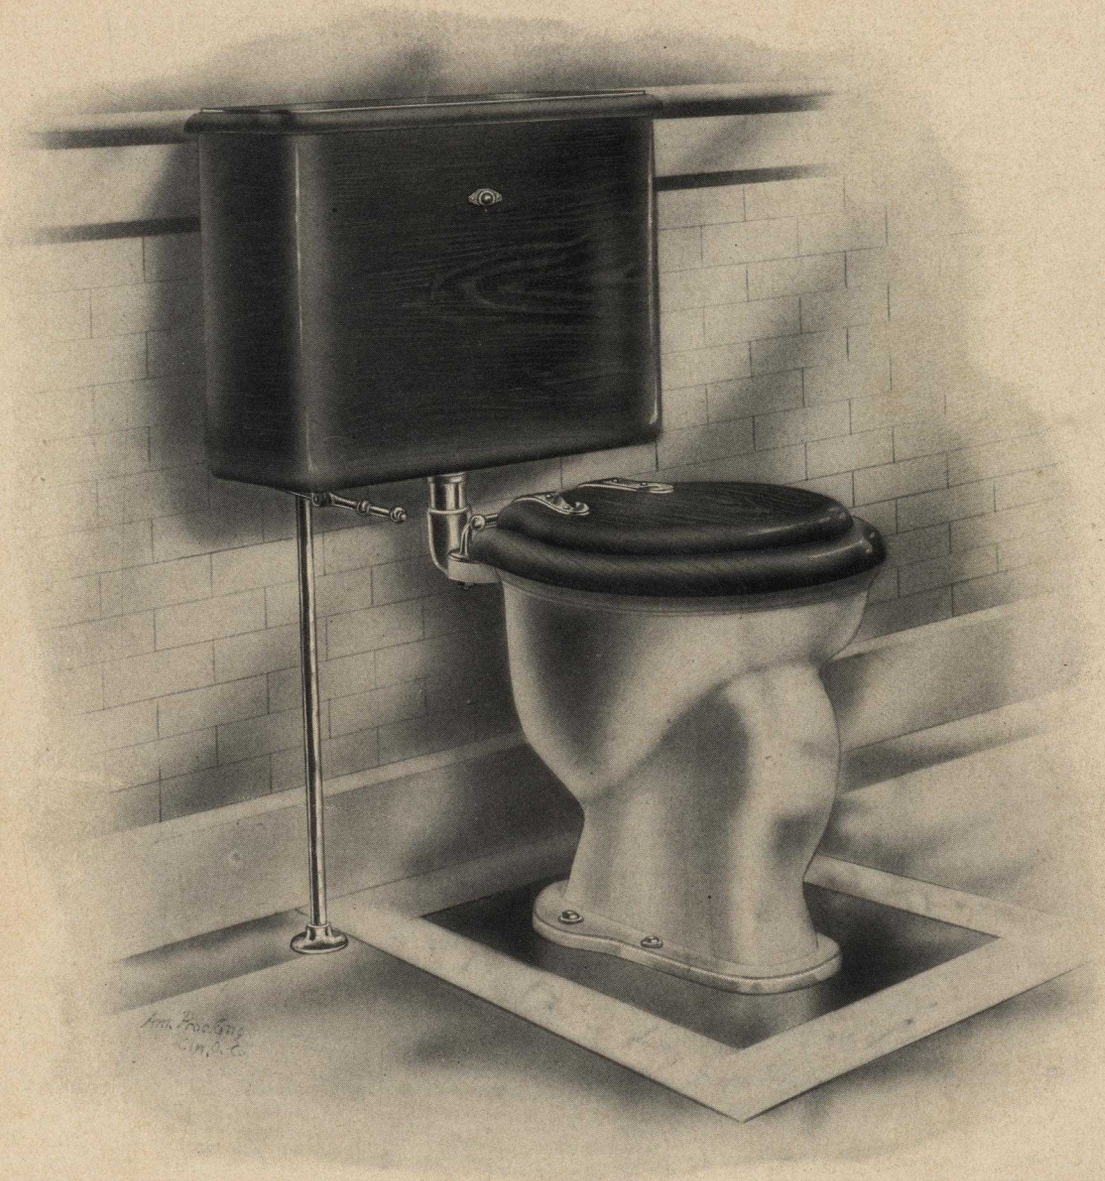

PLATE 120.

Plate 120 includes round cornered low down tank with elbow and supply pipe with flange, No. 332 seat and lid, "Douglas" vitreous china plain "Leader" syphon wash-down bowl.

Woodwork plain Oak, Natural or Antique finish.

PRICE AS DESCRIBED **$22.25**

Add for floor plate, bolts and rubber gasket..$1.00
Add for nickel-plated stop-cock 1.00
Add for Cherry or Quartered Oak woodwork, 1.50
Add for embossed bowl 1.00

Roughing in Measurements.—Outlet of bowl 14 inches from finished wall to center. Supply pipe 4 inches from back of tank to center, and 6⅝ inches to left of center line of closet.

This bowl can also be furnished to rough in as far back as 10½ inches at an additional charge of $1.00.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Favorite" Low Down Combination.

PLATE 121.

Plate 121 includes low down tank (wood pull) with elbow and supply pipe with flange, No. 331 seat and lid, "Douglas" vitreous china plain "Favorite" syphon wash-down bowl.

Woodwork plain Oak, Natural or Antique finish.

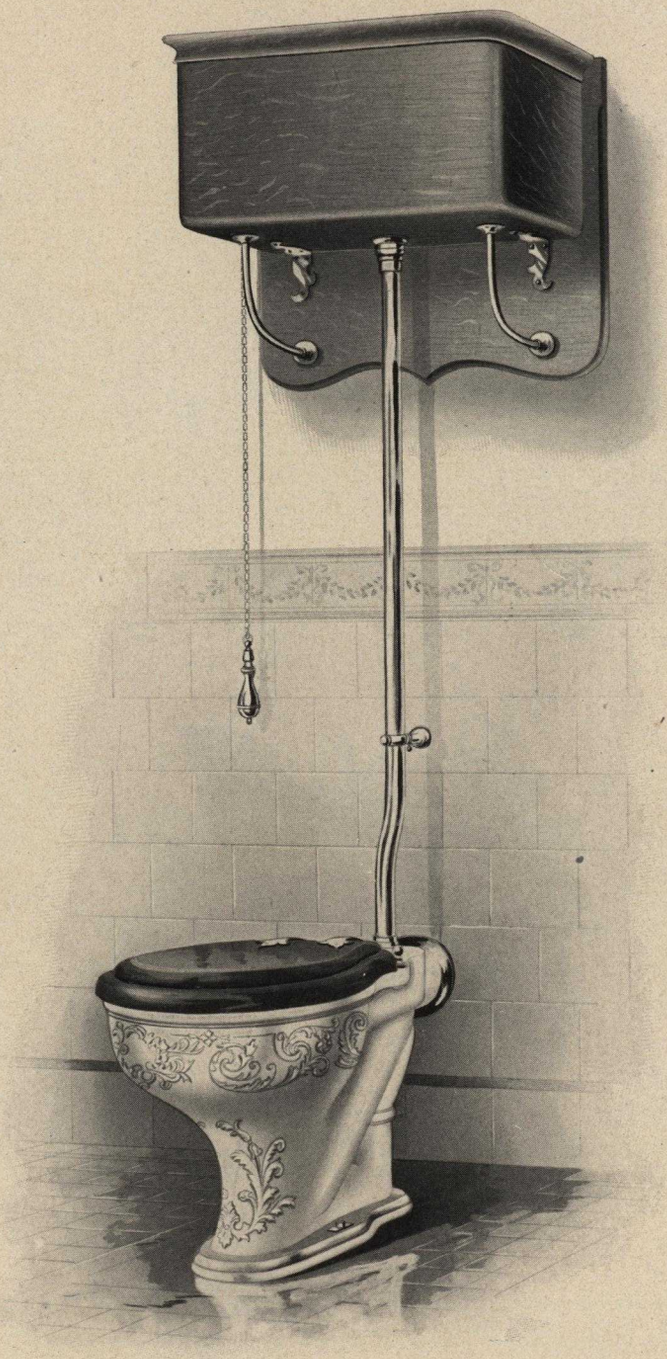
PRICE AS DESCRIBED..... **$20.00**

Add for floor flange, bolts and rubber gasket	$1.00
Add for plain lever handle in place of wood pull	.75
If with No. 329 seat and lid, deduct	.50

Roughing in Measurements.—Outlet of bowl 14 inches from finished wall to center. Supply pipe 4 inches from back of tank to center, and 6⅝ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Harvard" Combination.



NOTE.—Measurement from floor to center of ventilating flue 13½ inches.

This bowl can be furnished 13 inches high, for children's use, at same price.

Roughing in Measurement. — Outlet of bowl 13 inches from finished wall to center.

For sectional view of "Harvard" bowl, see plate 168,

PLATE 124.

Plate 124 includes No. 220 19x11x11 "Douglas" tank; No. 421 nickel-plated brass angles; No. 445 nickel-plated brass brackets; No. 407 tank board with iron top clamps; nickel-plated special flush pipe with No. 465 extension holder; No. 335 *Saddle hole* seat and lid; embossed *ventilated* "Harvard" syphon jet bowl, "Douglas" vitreous ware, with nickel-plated brass vent connection and wall flange.

Woodwork Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED..... **$47.50**

Add for nickel-plated supply pipe and holder $2.50
Add for floor flange, bolts and rubber gasket 1.00
Add for Walnut woodwork..... $1.50
Add for White Maple woodwork..... 3.00
Add for Birds-Eye Maple or Mahogany woodwork.... 7.50

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Harvard" Combination.

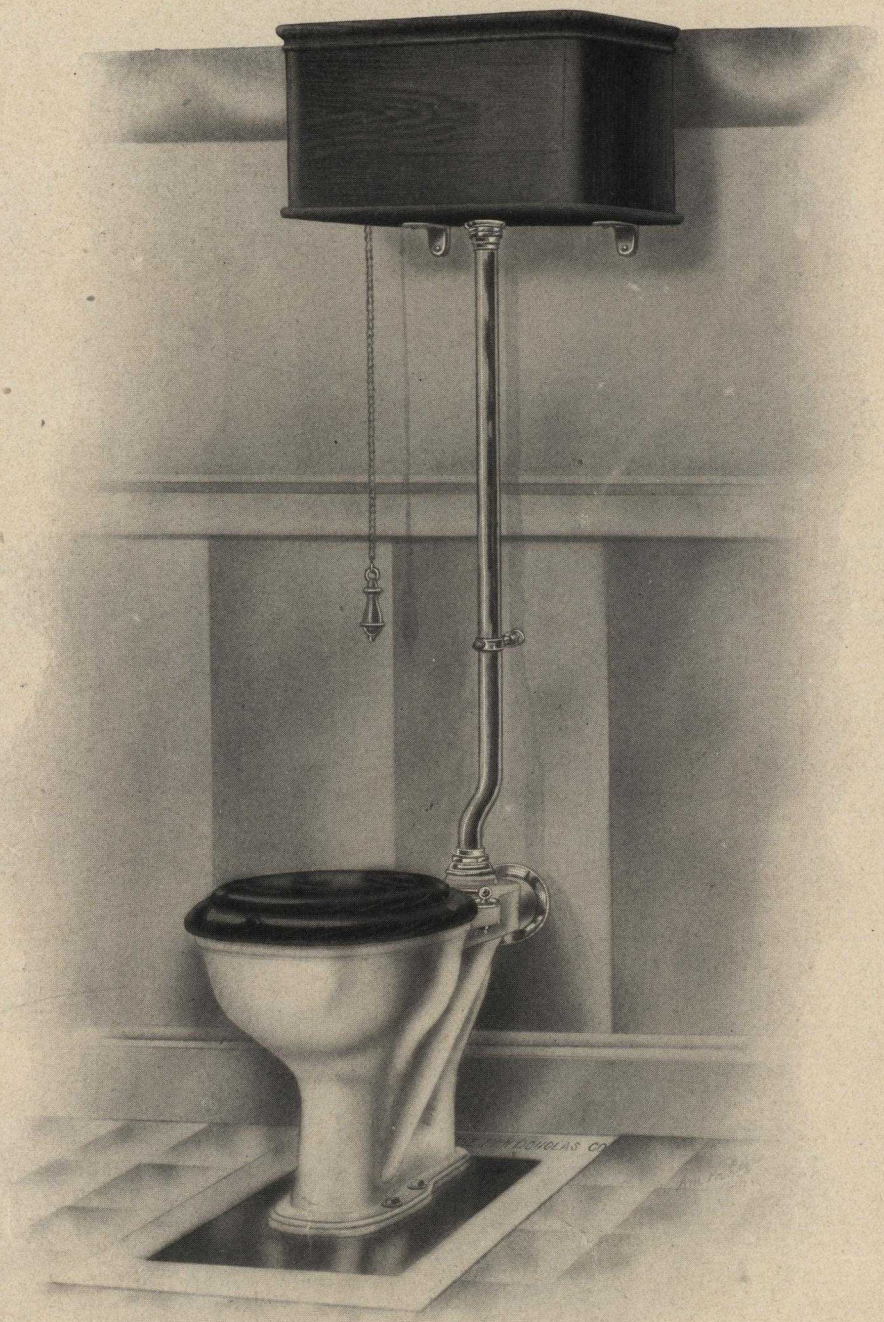


PLATE 125.

Plate 125 includes No. 217 19x11x11 "Douglas" tank; No. 420 pickel-plated brass angles and iron top clamps; nickel-plated special flush pipe with No. 465 extension holder; No. 333 seat and lid; plain *ventilated* "Harvard" syphon jet bowl, "Douglas" vitreous ware, with nickel-plated brass vent connection and wall flange.

Woodwork plain Oak, Natural or Antique finish.

PRICE AS DESCRIBED..... **$40.00**

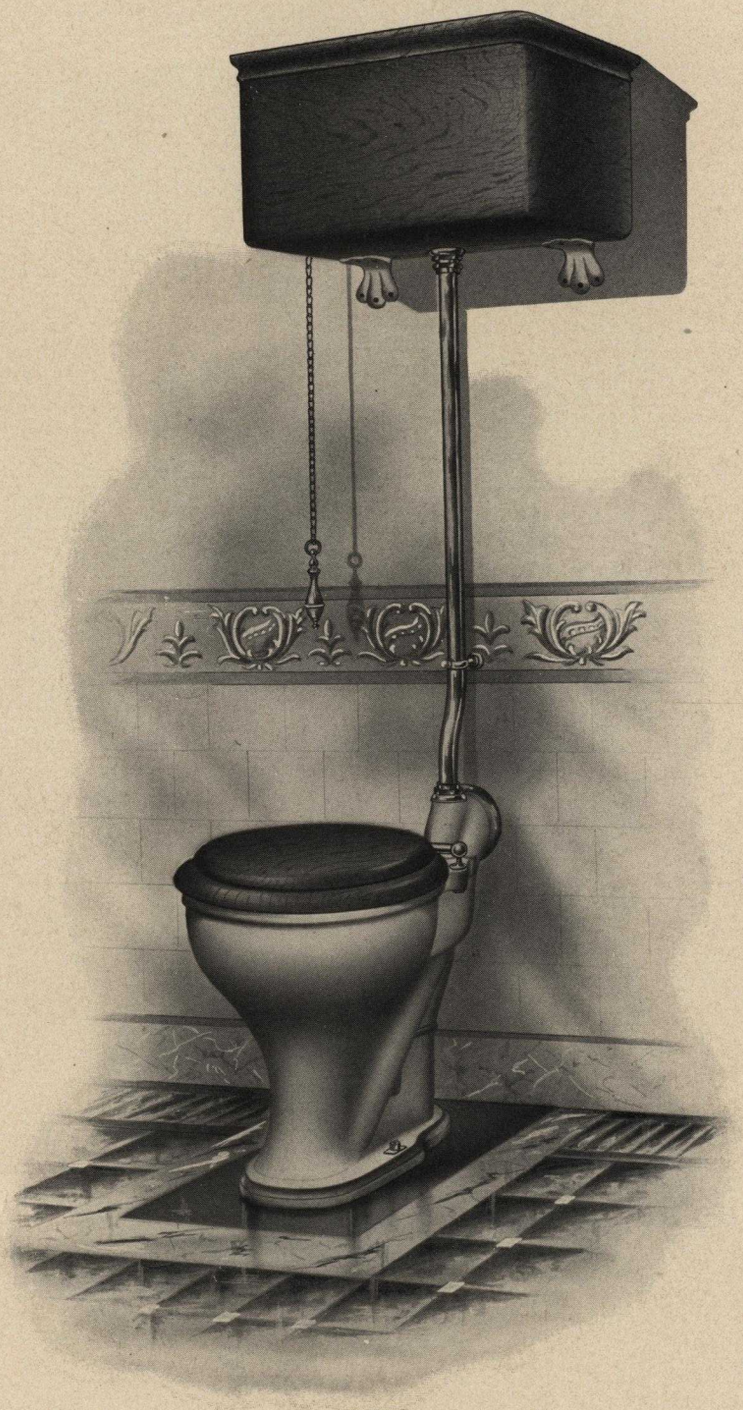
Add for floor flange, bolts and rubber gasket $1.00
Add for nickel-plated supply pipe and holder 2.50
Add for Cherry or Quartered Oak woodwork $1.50
Add for Walnut woodwork 3.00

NOTE.—Measurement from floor to center of ventilating flue 13½ inches.

Roughing in Measurement.—Outlet of bowl 13 inches from finished wall to center.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Yale" Combination.



NOTE. — Measurement from floor to center of ventilating flue 17½ inches.

This bowl can be furnished 13 inches high, for children's use, at same price.

Roughing in measurement. — Outlet of bowl 14¼ inches from finished wall to center.

We call particular attention to the raised vent on this closet. For sectional view of "Yale" bowl, see plate 170.

PLATE 127.

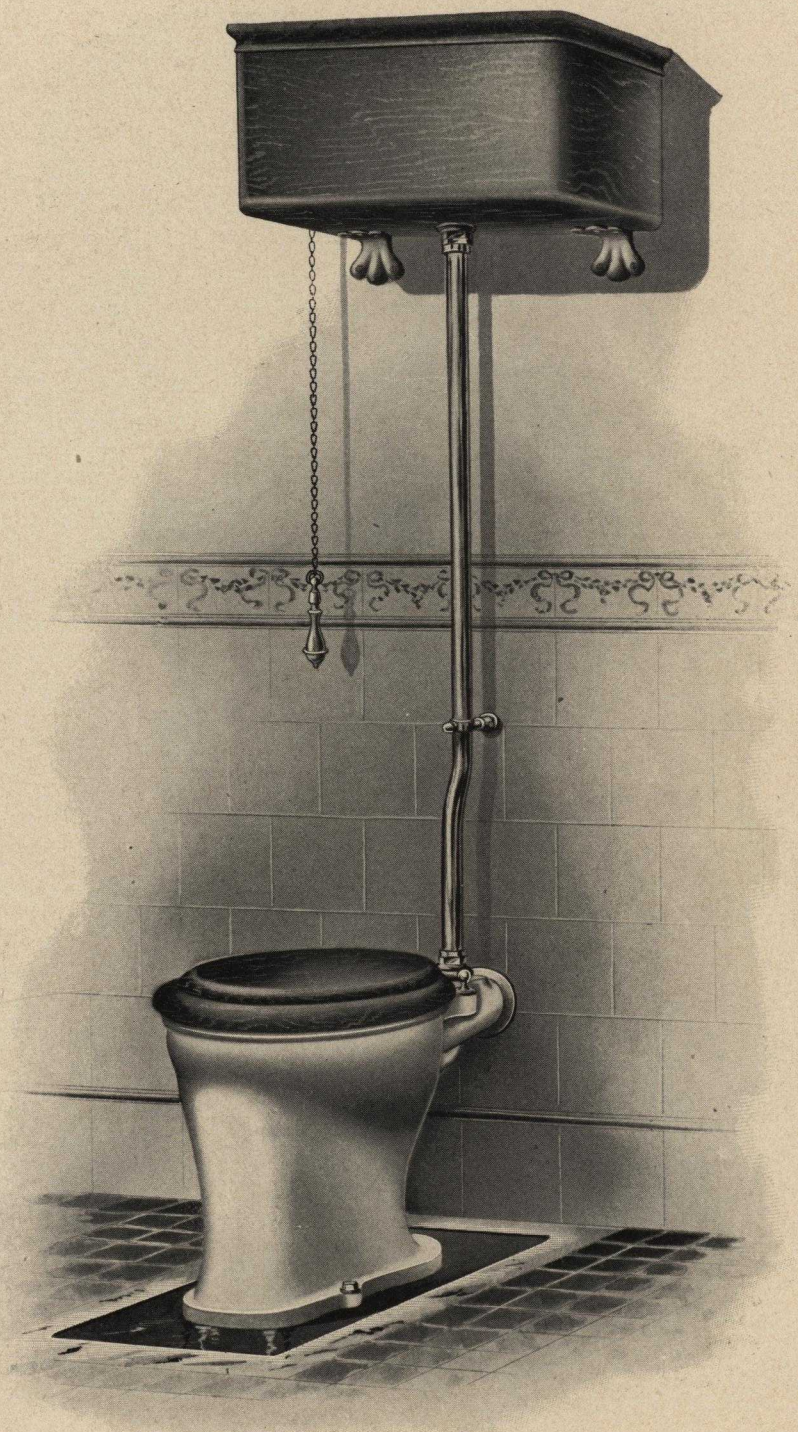
Plate 127 includes No. 220 19x11x11 "Douglas" tank; No. 422 nickel-plated heavy brass angles and iron top clamps; nickel-plated special flush pipe with No. 465 extension holder; No. 333 seat and lid; plain *ventilated* "Yale" syphon jet bowl, "Douglas" vitreous ware, with nickel-plated brass vent connection and wall flange.

Woodwork Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED	**$50.00**
Add for embossed bowl	$1.00
Add for floor flange, bolts and rubber gasket	1.00
Add for nickel-plated supply pipe and holder	2.50
Add for No. 335 *Saddle hole* seat and lid	3.00
Add for Walnut woodwork	1.50
Add for Birds-Eye Maple or Mahogany woodwork	7.50

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Princeton" Combination.



NOTE.—Measurement from floor to center of ventilating flue 14½ inches.

Roughing in Measurement.—Outlet of bowl 12¾ inches from finished wall to center.

We recommend this fixture for use in place of our "Harvard" closet where a bowl is wanted constructed on the same principle at a lower price. The closet bowl is extra strong. For sectional view of the "Princeton" bowl, see plate 172.

PLATE 129.

Plate 129 includes No. 219 19x10x10 "Douglas" tank; No. 422 nickel-plated heavy brass angles and iron top clamps; nickel-plated special flush pipe with No. 465 extension holder; No. 333 seat and lid; "Princeton" *ventilated* syphon jet wash down bowl, "Douglas" vitreous ware, with nickel-plated brass vent connection and wall flange.

Woodwork Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

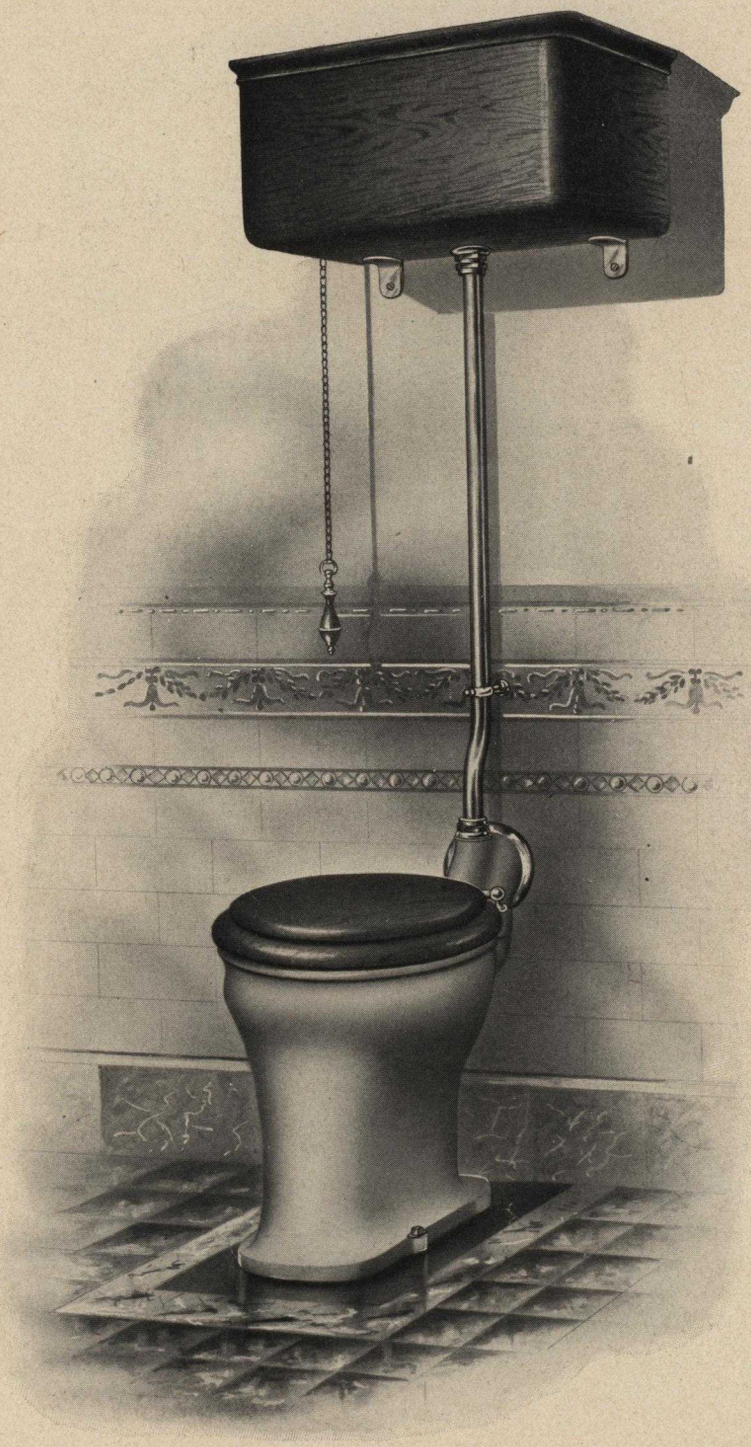
PRICE AS DESCRIBED..... **$31.50**

Add for floor flange, bolts and rubber gasket, $1.00 Add for nickel-plated supply pipe and holder, $2.50

Add for Walnut woodwork..... 1.50

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Cornell" Combination.



NOTE.—Measurement from floor to center of ventilating flue 18¼ inches.

Roughing in Measurement.—Outlet of bowl 13 inches from finished wall to center.

The vent connection of this closet is constructed on the same principle as on our "Yale" bowl and is the same size. The combination will be satisfactory where a lower priced closet than the "Yale" is desired. For sectional view of "Cornell" bowl see plate 174.

PLATE 130.

Plate 130 includes No. 219 19x10x10 "Douglas" tank; No. 420 nickel-plated brass angles and iron top clamps; nickel-plated special flush pipe with No. 465 extension holder; No. 333 seat and lid; "Cornell" *ventilated* syphon jet wash-down bowl with *raised* vent, "Douglas" vitreous ware, with nickel-plated brass vent connection and wall flange.

Woodwork Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED..... **$33.50**

Add for floor flange, bolts and rubber gasket $1.00 Add for nickel-plated supply pipe and holder $2.50

Add for Walnut woodwork.....$1.50

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Nautica" Low Down Combination.

PLATE 132.

Plate 132 includes round-cornered low down tank with flush connection and supply pipe with flange, *extra fine* paneled seat and lid, "Douglas" vitreous china No. 1 size plain syphon jet "Nautica" bowl.

Woodwork selected Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED..... **$46.50**

Add for "Royal" tank.....	$3.50	Add for Walnut woodwork.....	2.00
Add for embossed bowl	1.50	Add for Golden Oak finish.....	1.50
Add for floor flange, bolts and rubber gasket	1.00		

Roughing in Measurements.—Outlet of bowl 14 inches from finished wall to center. Supply pipe 3 inches from back of tank to center, and 7⅜ inches to left of center line of closet.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Nautica" Combination.

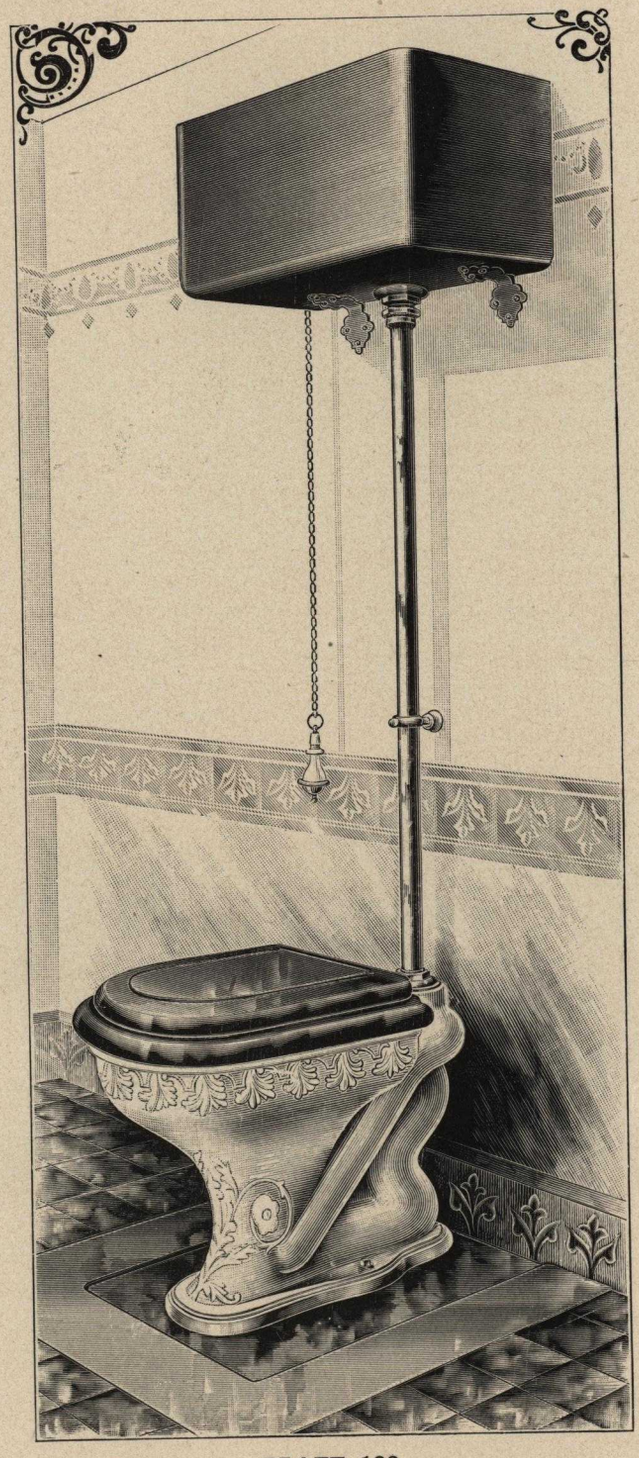


PLATE 133.

Plate 133 includes round-cornered 21x11x12 "Douglas" tank; No. 422 nickel-plated cast brass angles and iron top clamps; nickel-plated flush pipe with extension holder; fine paneled seat and lid; embossed syphon jet "Nautica" bowl No. 1 size, "Douglas" vitreous ware.

Woodwork selected Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED..... **$47.50**

Add for floor flange, bolts and rubber gasket $1.00
Add for nickel-plated supply pipe and holder 2.50
Add for Walnut woodwork $1.50
Deduct for plain bowl..... 1.50

Roughing in measurement.—Outlet of bowl 11½ inches from finished wall to center.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Excelsis" Combination.

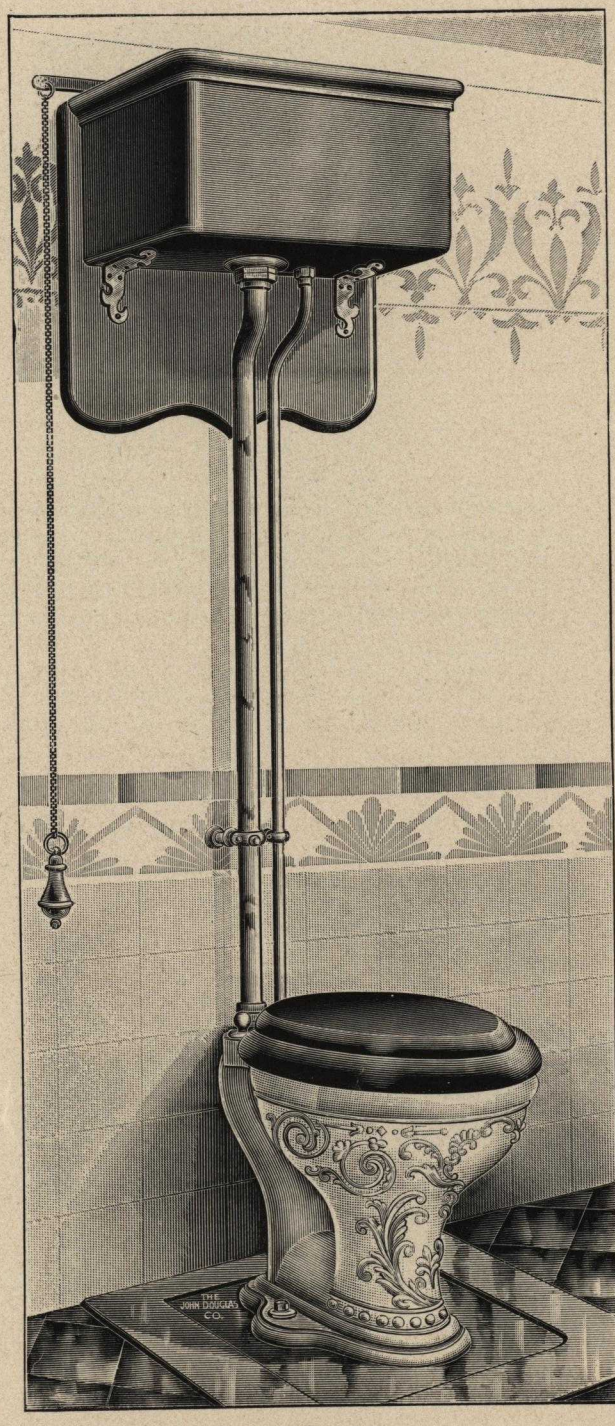

PLATE 136.

Plate 136 includes No. 220 19x11x11 "Douglas" tank; No. 421 nickel-plated brass angles and iron top clamps; No. 407 tank board; nickel-plated flush and supply pipes with extension holders; No. 334 bevel hole seat and lid; embossed "Excelsis" syphon jet bowl, "Douglas" vitreous ware.

Woodwork selected Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED..... **$40.00**

Add for floor flange, bolts and gasket.....	$1.00	Deduct for no supply pipe.....	$2.50
Add for Walnut woodwork.....	1.50	Deduct for plain bowl.....	1.00

The "Excelsis" bowl can be furnished 13 inches high for children's use at same price.

Roughing in measurement.—Outlet of bowl 11½ inches from finished wall to center.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Excelsis" Combination.

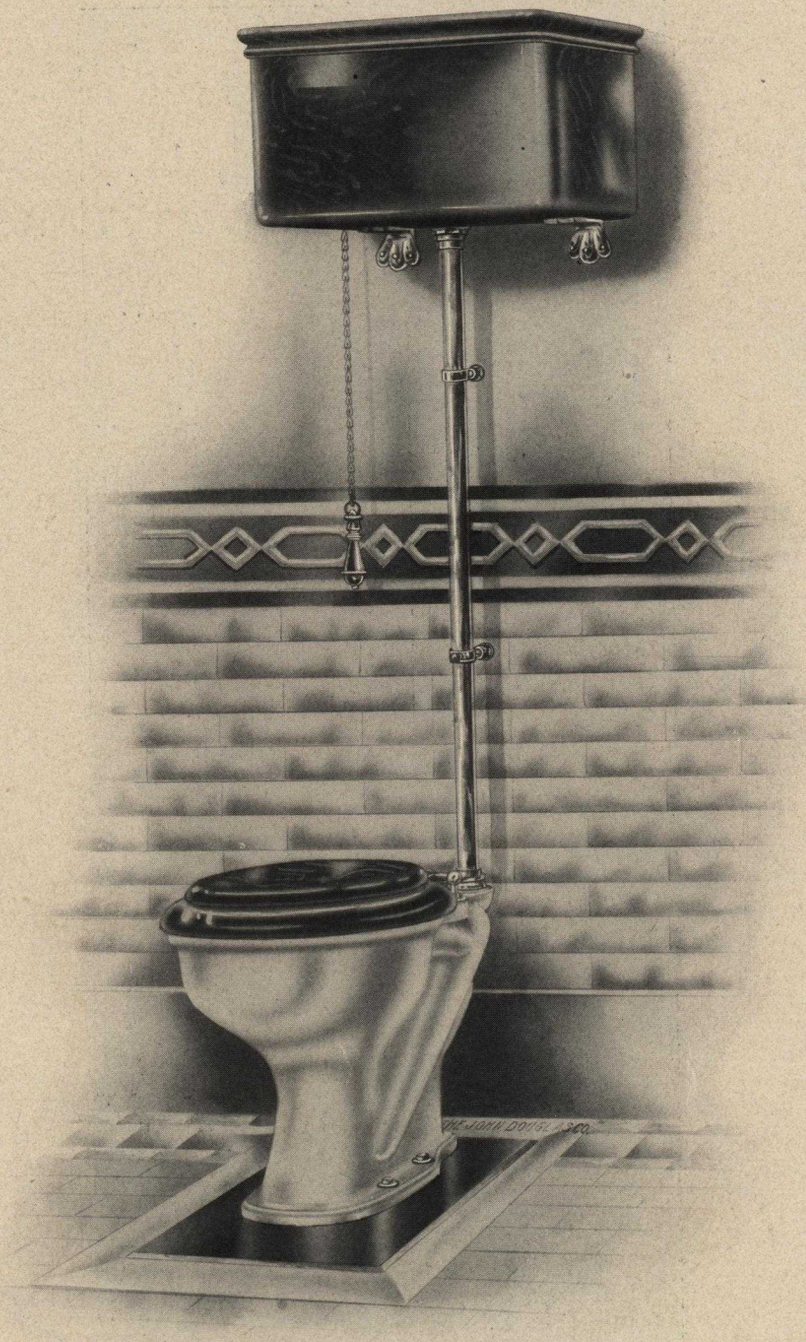

PLATE X137.

Plate 137 includes No. 220 19x11x11 "Douglas" tank; No. 422 nickel-plated heavy cast brass angles and iron top clamps; nickel-plated flush pipe with two extension holders; No. 334 bevel hole seat and lid; plain "Excelsis" syphon jet bowl, "Douglas" vitreous ware.

Woodwork selected Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED..... **$37.50**

Add for floor flange, bolts and rubber gasket..... $1.00

Add for nickel-plated supply pipe and holders..... 3 00

Roughing in Measurement.—Outlet of bowl 11½ inches from finished wall to center.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Cuba" Combination.

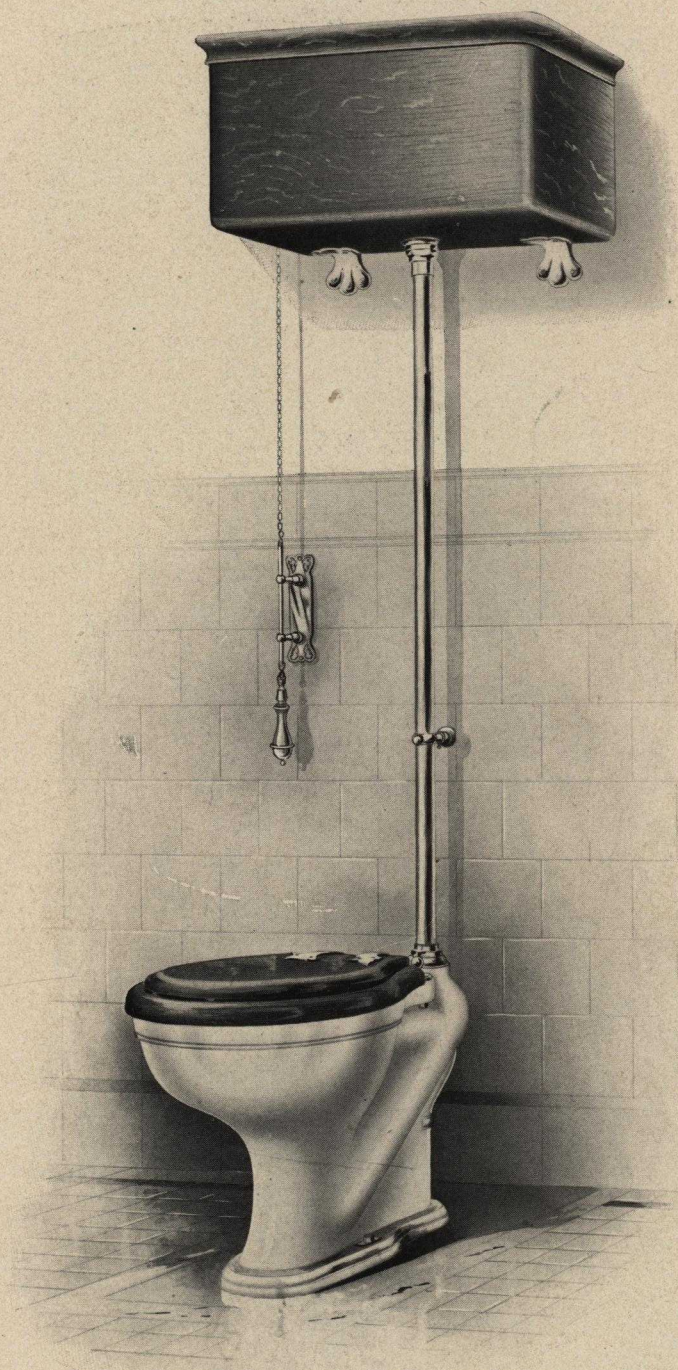

PLATE 138.

Plate 138 includes No. 220 19x11x11 *veneered* "Douglas" tank; No. 422 nickel-plated heavy cast brass angles and iron top clamps; nickel-plated guide, rod and pull; nickel-plated flush pipe and extension holder; No. 335 *saddle hole* seat and lid; plain "Cuba" syphon jet bowl, "Douglas" vitreous ware.

Woodwork finest selected Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED..... **$41.50**

Add for floor flange, bolts and rubber gasket	$1.00	Add for Bird's Eye Maple or Mahogany work	7.50
Add for nickel-plated supply pipe and holder	2.50	Add for White Maple woodwork.....	3.00
Add for Walnut woodwork.....	1.50	Add for embossed bowl	1.00

Roughing in Measurement.—Outlet of bowl 11¾ inches from finished wall to center.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

"Cuba" Combination.

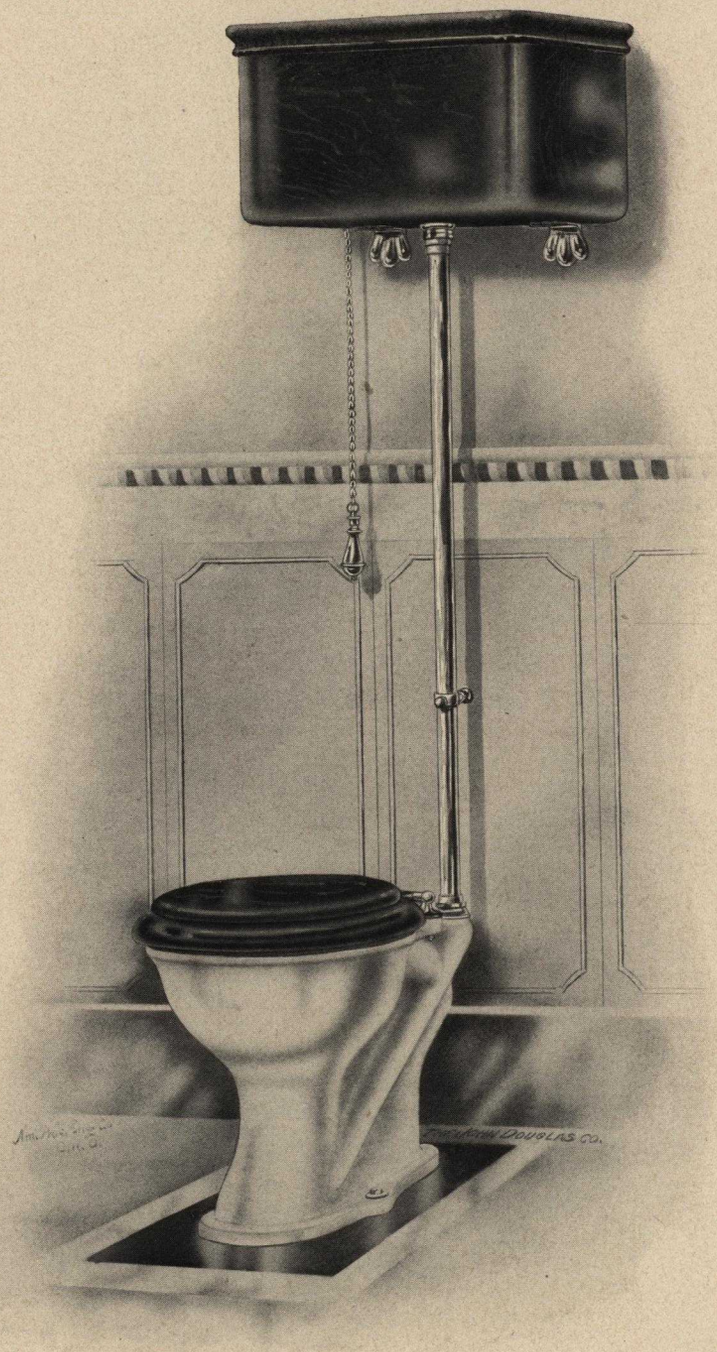

PLATE 139.

Plate 139 includes No. 220 19x11x11 "Douglas" tank; No. 422 nickel-plated heavy brass clover leaf angles and iron top clamps; nickel-plated flush pipe and extension holder; No. 333 seat and lid; plain "Cuba" syphon jet bowl, "Douglas" vitreous ware.

Woodwork selected Quartered Oak, Natural or Antique finish, and Cherry, light or dark finish.

PRICE AS DESCRIBED	**$17.00**
Add for floor flange, bolts and rubber gasket	$1.00
Add for nickel-plated supply pipe	2.25

Roughing in Measurement.—Outlet of bowl 13½ inches from finished wall to center.

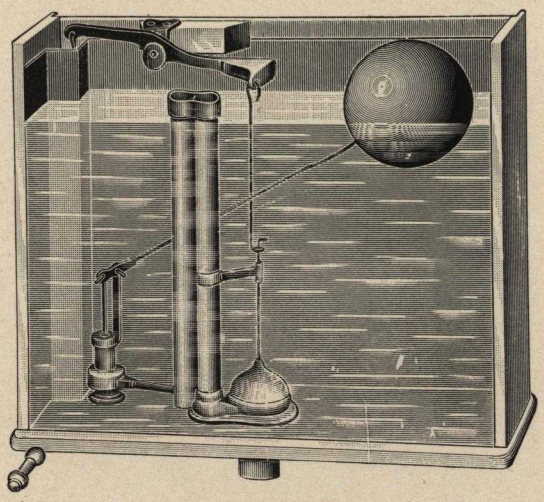
When Ordering, Please Specify Finish of Wood and Give Plate Number.

We again invite attention to the merits of the DOUGLAS TANK for both high tank and low down outfits. This tank is now recognized as perfect for operating any style of closet.

It is particularly effective over a low down closet which requires a flush valve with a full and clear waterway.

The BALLCOCK in both styles of tanks is constructed on the same principle. It is simple, effective and noiseless under any pressure.

Should the tank, by any chance, get out of order, it is easily repaired at small expense, as all the parts are simple in construction.



No. 205.

"GLORIA" TANK.

When Ordering, Please Specify Finish of Wood and Give Plate Number.

Sectional View of "Capitol" Combination

Showing Tank Behind Partition.

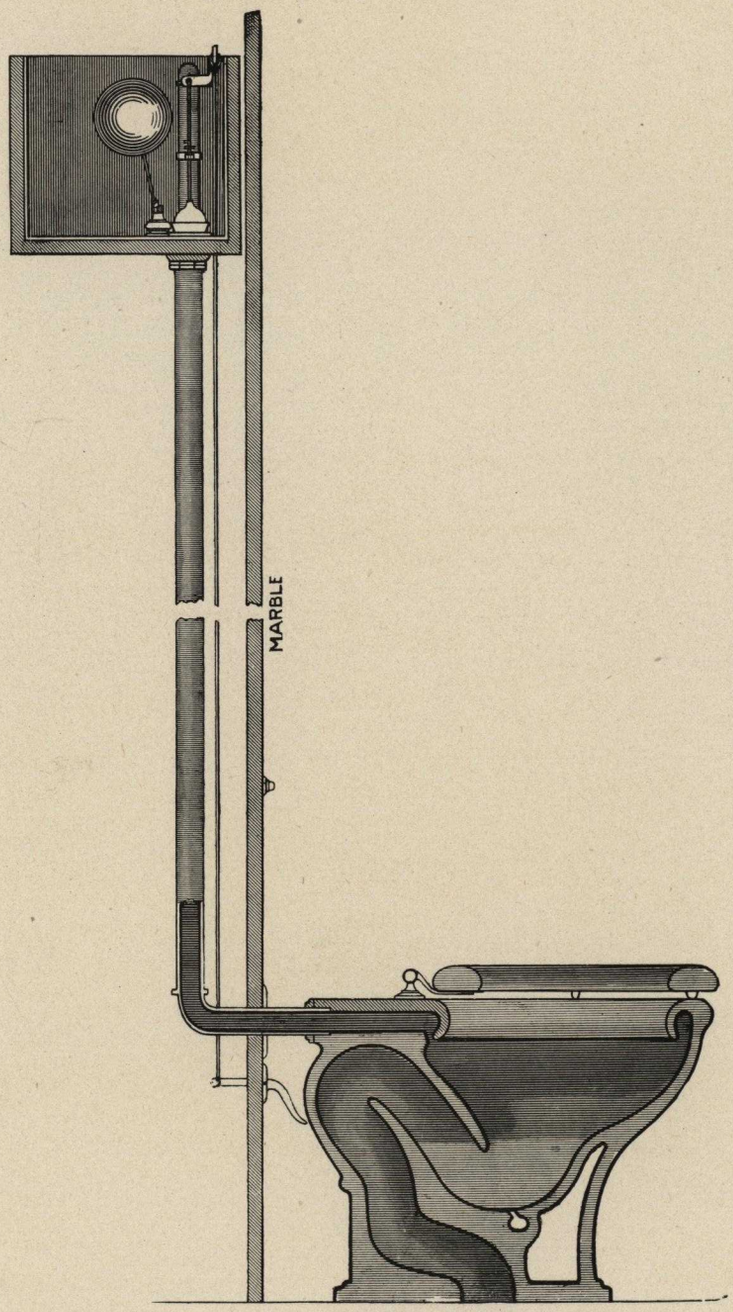

PLATE 147.

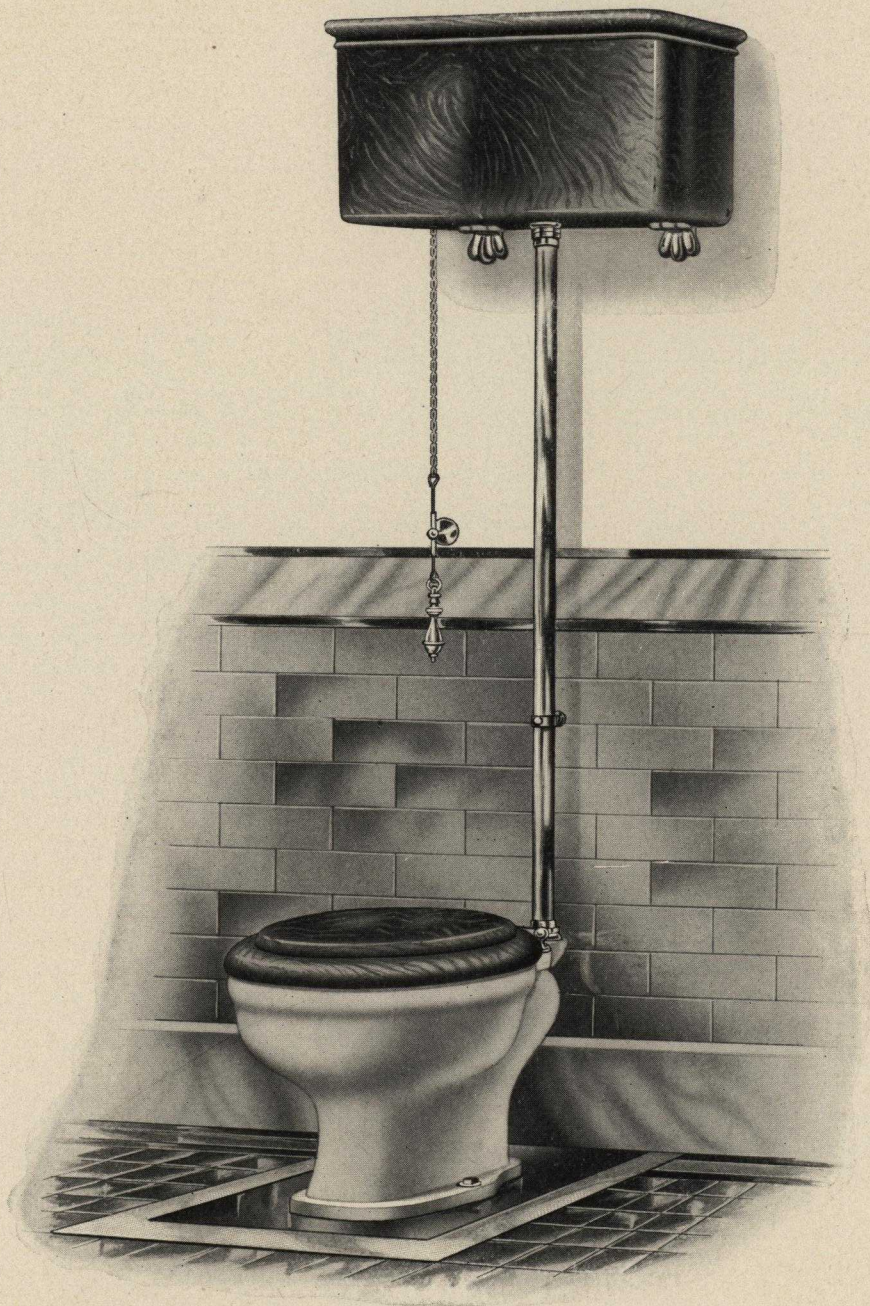
This combination has been especially designed for use in office buildings. In such buildings a fixture is desired where the working parts are concealed as much as possible. We call attention to the ease with which the fixture can be operated by means of the curved lever handle, which will not get out of order. We call the attention of architects, superintendents and owners of such buildings to the merits of this fixture.

For price see other page.

Extra Heavy Ware Closets.

"Excelsis, Jr." Combination.



This bowl is 13 inches high.
